## Cooking at Clyde's Kitchen

General Electric Co. and Orion Energy Systems recently presented Crossroads Community Ministries with a \$20,000 check for the combined donation and installation of upgraded, energy-efficient lighting for Clyde's Kitchen and the dining hall, and for the expansion of the storage area for staple food and supplies. Each year Clyde's Kitchen serves 73,000 meals to more than 3,800 homeless men, women and children.

On hand were, from left, Crossroads Executive Director **Stan Dawson**; board chair **Mark Jones**, Clyde's Kitchen director and chef **Clyde Corbin**; and General Electric's **Mark Bellamy**, **Renee Armstrong** and **Jim Suclu**.
